Entwined Minds Book Club

Monday, April 11 at 1 pm

All interested readers are invited to Entwined Minds Book Club. The book for discussion this month is *The Curious Incident of the Dog in the Night-time* by Mark Haddon. Christopher John Francis Boone knows all the countries of the world and their capitals and every prime number up to 7,057.

He relates well to animals but has no understanding of human emotions. He cannot stand to be touched. And he detests the color yellow. Then one day, a neighbor's dog, Wellington, is killed and his carefully constructive universe is threatened. Christopher sets out to solve the murder in the style of his favorite (logical) detective, Sherlock Holmes.
